BLUE CROSS®

HELPFUL TIPS FOR COMPLETING YOUR BLUE CROSS APPLICATION

The following helpful tips will assist you in completing your application

TIP #1 – CHECKLIST

When completing the application use the checklist located on pages IV and V. This way you will be sure to have completed all the necessary information and ensure the quickest possible processing of your client's application.

TIP #2 – SIGNATURES

Missing signatures are one of the main reasons applications are returned. The enclosed checklist indicates the pages that will require a signature indicated by a  .

Be sure to double check that you have all of the signatures.

TIP #3 – PHONE INTERVIEW

There are many benefits to a phone interview, such as the elimination of unnecessary correspondence due to missing information (for example: special questionnaires and attending physician statements).

Experts will contact your client and will collect information from your client in a professional manner.

By checking section 8, we will be solely responsible for requesting all relevant medical and non-medical information from your client for the purpose of the underwriting analysis.

TIP #4 – SPECIAL QUESTIONNAIRES

(applicable only if the phone interview services are not used)

Certain questions on the Health statement indicate **"If yes, questionnaire to be completed"**. By being pro-active and submitting one in advance along with the application you could reduce the underwriting significantly and save yourself a second trip back to your client to have one completed. Special questionnaires are provided in your broker kit.

TIP #5 – ONTARIO AND QUEBEC SYMBOLS

Sections marked with  apply to Ontario applicants only and sections marked with  apply to Quebec applicants only.

TIP #6 – TANGIBLE LONG-TERM CARE AND CRITICAL ILLNESS ELIGIBILITY

Please refer to sections 7.1 and 7.2 prior to completing the application to ensure you are eligible to apply for these benefits.
